

ServDentist™ TV

Your private TV network
for waiting rooms

« ServDentist™ is the main attraction in my waiting room. It has a big impact on patients' knowledge and they really appreciate it! Excellent product in every way. Thank you.

P.S.: I really appreciate the regular updates. »

Dre Isabelle Deschênes,
Dentiste

ServDentist TV is your private TV network. A flexible and comprehensive visual communication solution designed specifically for waiting rooms.

ServDentist TV provides the reception team with a unique and privileged opportunity to communicate more effectively with specialized content and targeted messages.

Thanks to our Web-based management Self-Service Interface, our solution makes it easy to customize and manage your clips and content on your screen. You can create, manage, publish and deliver dynamic and high-quality content for compelling cutting-edge communications in real-time.

This flexible, easy to use and very effective solution helps you simplify your work and alleviate a multitude of questions from patients while they wait.

ServDentist TV interacts with your patients to inform them about your treatments, products and services, through a unique and pleasant client experience. This proven approach, allows clinics to increase sales while facilitating learning and communication with patients.

ServDentist™ TV Self-Service Web Interface

ServDentist TV rental service now available!

Features

The ServDentist Web-based management Self-Service Interface is simple and easy to use. This service allows you to customize your screen and manage content easily and instantly as often as you want.
